

## Domestic Violence/Child Abuse Services

### DESCRIPTION OF MAJOR SERVICES

This budget unit provides for a number of contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse. The domestic violence program under SB 1246 is funded by a surcharge on marriage licenses. The child abuse prevention program is funded by a state grant, revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases. Revenues from the surcharges are deposited in special revenue funds and used to fund the contractors. These three revenue sources provide 100% of the funding for this program.

There is no county general fund contribution or staffing associated with this budget unit.

### PERFORMANCE HISTORY

Local Cost	-	(4,906)	397	-	2,487

The total amount for contracts awarded was less than originally budgeted because contracts with some vendors were not renewed for 2006-07. As a result, expenditures were \$278,842 less than originally appropriated. Any remaining funds from the sale of marriage licenses, birth certificates and court-imposed fines will be held in reserve for future year contracts.

A slight variation in revenue recorded in 2006-07 resulted in \$2,487 in local cost. Local cost savings in other HS Subsistence budget units was utilized to offset this overage and allow HS to remain within overall local cost targets.

Other charges of \$1,970,307 represent contracts with agencies to ensure temporary shelter, food, transportation, emergency services and treatment/counseling for adults and children who are victims of domestic violence and child abuse.

The child abuse prevention program is funded by a state grant of \$656,812. Operating transfers in of \$1.3 million represents revenues generated from a surcharge placed on certified copies of birth certificates, and court fines imposed in domestic violence cases.

Each year, the department completes an analysis of the revenue from the surcharges on marriage licenses, birth certificates and court fines, as well as the estimated year-end fund balances. It is from this analysis that the amount to be awarded for service contracts in the succeeding year is determined. The revenue sources for this program include two special revenue funds generated from surcharges on the sale of birth certificates (SDL DPA) and marriage licenses (SDP DVC). Each fund is permitted to carry over fund balance from year to year should revenue outpace the expenditure for contracts awarded in any given year. Cash receipts in 2006-07 exceeded the amounts of the contracts that were awarded by \$635,086. Rather than committing the entire fund balance to 2007-08 contracts, the department strategy to prevent a total depletion of the fund balance is to retain a portion for use for future year contracts. This strategy should bolster steady growth in contractor awards for future years when, barring state legislation to increase surcharges, the fund balance will be exhausted and the amount available for contracts will depend entirely on fluctuating yearly cash receipts.
